**July 2014**

From the hit motion pictures, television series, and international stage success, FAME is nothing short of a global phenomenon.

Set in New York City's High School for the Performing Arts on 46th Street (1980-1984), FAME JR. is the bittersweet, but ultimately inspiring story of a diverse group of students as they commit to four years of gruelling artistic and academic work.

With candour, humour and insight, the show explores the issues that confront many young people today.
