- * An interview with the student, who presents a portfolio of schooling achievements, demonstrating their level of maturity and commitment to the SEAL Program
- * In conjunction with test results and outcome of interview - and when making the final decision to offer a place in SEAL—the following aspects are considered: -
 - The information provided by the student's primary school teacher, regarding the student's academic standards,

 - The information provided by the student explaining their potential, abilities and ambitions.

2. SEAL applicants must submit the completed information forms from the Grade 6 Teacher, their Parents and student Self-Evaluation form.
3. All SEAL candidates must attend a formal SEAL testing day, where they complete the required range of on-line testing.
